### Program Highlights

This 2-week, live virtual bootcamp combines 6 interactive workshops with guided self-paced projects, requiring a total commitment of 15-20 hours.

### Who Should Attend?

- L&D and Training Professionals
- Instructional Designers
- Learning Leaders or Managers
- AI Enthusiasts
- Team members seeking to build an AI portfolio or future-proof their skills

### What You'll Gain

- **Practical AI Skills:** Explore real-world AI use-cases relevant to L&D.
- **Project Portfolio:** Build a portfolio of showcase projects demonstrating your AI capabilities.
- **Certification:** Earn a digital badge and certificate upon completion.
- **Tools & Resources:** Receive a free 6-month subscription to AIReady™ and lifelong access to a collaborative community.

### Workshop Topics

- **AI Fundamentals & Prompt Engineering:** The basics of AI and how to craft effective prompts for L&D.
- **AI in Instructional Design:** Integrate AI across your design process.
- **Creating with AI Tools:** Use AI for multimedia creation, rapid prototyping, while understanding copyright and accessibility.
- **No-Code/Low-Code AI Apps:** Build functional AI-powered tools without writing code.
- **Leveraging AI Beyond Content Creation:** Streamline administrative and communication tasks with AI.
- **Responsible AI Use:** Understand ethical implications, mitigate bias, and showcase your projects.

### Program Details

- **Cost:** \$1500 USD
- **Cohort:** Limited to 24 participants to ensure personalized attention.
- **Instructors:** Led by Garima Gupta (GG), Founder and CEO of Artha Learning and AIReady™

This program has been pre-approved by the ATD Certification Institute for 12 points towards initial eligibility and recertification of the Certified Professional in Talent Development (CPTD) and Associate Professional in Talent Development (APT) credentials.
