

Get a clear view of your leader’s development through the eyes of those they work with. The PROFILOR® Progress Check and Momentum365 are both “Time 2” 360 assessments that facilitate accountability and sustainable change.

The PROFILOR® | Progress Check

The PROFILOR® Progress Check delivers targeted insights into how others perceive their improvements and effort since taking The PROFILOR® 360 assessment 6-months prior. Rater feedback is provided for 3 to 10 specific behaviors a person is focused on improving.

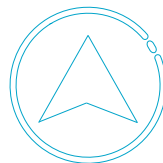

Targeted Insights. Measurable Progress.

Focused Feedback

Building on the original PROFILOR® 360, Progress Check provides feedback 6-months later on the 3-10 specific behaviors the individual is actively working to improve.

Improvement Tracking

Provides feedback on extent of improvement seen and level of effort perceived for a clear view of meaningful development and change.

Enhanced Accountability

Empowers individuals to stay aligned with their goals, make informed adjustments, and celebrate development progress.
